

ACT NOW: Respond to the Health Insurance Marketplace or you may risk losing your Marketplace health coverage and/or the help you're getting to pay for your Marketplace health coverage.

You're receiving this letter because the Health Insurance Marketplace informed us that they need some additional information so they can verify eligibility for you and/or members of your household.

Unless you have already heard from the Marketplace that it has the documents it needs, please send the Marketplace a copy of the documents previously requested by going online and uploading them to your Marketplace account, or by mailing them to the Marketplace at the address below. This will allow the Marketplace to process your paperwork faster so you can continue receiving the health coverage, and tax credit and/or cost-sharing reductions, as applicable, that you are eligible for. For more information about the documents the Marketplace needs from you, visit your Marketplace account at [HealthCare.gov](https://www.healthcare.gov) or call 1-800-318-2596 (TTY 711).

What should I do next?

1. Log in to your Marketplace account on [HealthCare.gov](https://www.healthcare.gov), and then select your current application. If you currently have a data matching issue, you will see language in red that says "temporary eligibility" on your Marketplace application. If your application includes this language, you must provide more information.
2. If you still have temporary eligibility on your Marketplace account, look at the previous notices you received from the Marketplace to verify what types of documents you need to submit. Below is a full list of documents for different situations; send only copies of the information needed for your situation.
3. Upload a copy of the documents to your Marketplace account. This is the fastest way to get your documents processed. Use the menu on the left side of your screen to click on "Application Details." On the next screen, you'll see a list of any data matching issues (called "inconsistencies" on the screen) in your application. Follow the steps for each data matching issue to upload the documents needed to fix this issue. If you can't upload your documents, you can mail them to the address below. If you mail documents, be sure to mail a **copy**, and keep the originals for your records.
